CENTRE D'EXCELLENCE CANADIEN  
POUR LA GESTION DES RISQUES INTERNES

# Innovation Lab

## Insider Threat Investigations

### Morning Session - Foundations and Investigation Frameworks What Participants Will Gain

- A structured framework for conducting insider risk investigations from initiation to resolution
- Practical insight into how DFIR methodologies support insider threat detection and response
- Enhanced ability to identify indicators of insider risk and translate them into investigative actions
- Peer-driven perspectives on real-world challenges and lessons learned across sectors

### Afternoon Session - Applied Investigations & Technology Enablement What Participants Will Gain

- Practical experience in conducting insider threat investigations using a structured case study approach
- Familiarity with how behavioral analytics and monitoring tools support investigation and decision-making
- Improved capability to translate alerts and anomalies into actionable investigative leads
- A clearer understanding of how to operationalize insider risk detection and response within their organization

Thursday, 30 April 2026  
 9.00 AM - 4.00 PM  
 Tour Deloitte, 4e étage, 1190 Avenue des Canadiens-de-Montréal, Montréal, QC

### OUR FACILITATORS

**Daniel Bertrand**

CInRM CoE, Associate Instructor

Mr. Bertrand retired from public service with over 35 years of experience in law enforcement and federal investigations, including service as an Officer of the Royal Canadian Mounted Police (RCMP).

With a background in computer forensics, Mr. Bertrand continues to expand his expertise, now focusing on the integration of artificial intelligence applications into intelligence and security practices.

**Denis Desnoyers**

CInRM CoE, Associate Instructor

Denis is an Associate Instructor and retired Superintendent with over 35 years of experience in the Royal Canadian Mounted Police (RCMP).

In Denis' career with the RCMP he held the following notable positions, including:

- Officer in Charge of Sensitive and International Investigations, Contingent Commander, Haiti, Senior Investigator Elections Canada, Officer in Charge Ottawa Detachment, and Officer in Charge Integrated Market Enforcement Operations.

**Rob Schuett**

DTEX, Director of Insider Intelligence and Investigations (i3)

Rob Schuett is the Director of Insider Intelligence and Investigations (i3) for DTEX Systems, the global leader for insider risk management.

Rob has more than 20 years experience in Cyber National Security as an FBI Special Agent, Supervisory Special Agent, and various technical and services roles at large public organizations. Rob has also built and delivered numerous intelligence services across Mandiant and Google.

**Kevin Alparone**

DTEX, Senior Solutions Architect

Kevin Alparone is a cybersecurity leader with over 15 years of experience specializing in insider threat, behavioral analytics, and enterprise risk management. He is a Senior Solutions Architect at DTEX Systems.

Prior to DTEX, Kevin held technical and advisory roles at CrowdStrike and Securonix, supporting organizations in threat detection, incident response, UEBA, and advanced security analytics. His background spans endpoint security, SIEM, insider risk, and zero trust aligned architectures, giving him a practical, real world perspective on both external and internal threat challenges.
